

UA Design-Build Team Earns Third Place in the National DBIA Student Competition, 2021

UA civil/construction students Zack Hansen, Simon Marquez, Josh Romero, Melanie Macioci, and Aria Mascall joined together to form White Pines Design-Build for the [2021 National DBIA Student Competition](#). They prepared a statement of qualifications, design proposal, and gave a presentation to a panel of industry judges in Denver, CO in November 2021. Through the competition, students grow their understanding of design-build delivery. The [DBIA UA Chapter](#) is part of the construction emphasis in CAEM.
