

The National Tribal Geographic
Information Support Center

Hereby presents the

*Best Innovative Tribal Geospatial
Application Award*

to

*the Albuquerque Area Southwest Tribal
Epidemiology Center*

Presented this 25th day of April, 2023

This award recognizes the outstanding research and outreach conducted by Dr. Sheldwin Yazzie and Dr. Joseph Hoover for the Tribal Healthy Homes Project. Your utilization of geospatial technologies and collaborative partnerships to promote healthier environments within tribal communities is highly commendable.

Garet Couch, GISP
NTGISC President
